HOW TO LOOK AFTER IT

Every Garavini cover is designed and made with care. A little attention keeps it beautiful for years: here is how to look after this leather.

Composition: Top-grain cowhide, European origin
Light fastness over 7

WHAT TO DO

- For everyday cleaning use a soft cloth, dry or just dampened with lukewarm water.
- If there's a stain, act straight away by blotting with a clean cloth, without rubbing.
- For stubborn stains use only products made for semi-aniline leather.
- Avoid prolonged exposure to direct sunlight and heat sources: they alter the colour and dry out the leather.
- Every hide is unique: small differences in grain and tone are a sign of its natural origin.

> Always follow these instructions: we cannot accept responsibility for problems caused by washing methods or products other than those indicated.

Your sofa will thank you.
