WHAT TO DO

- We recommend a pre-wash before the first wash: cotton can shrink by 2-3% in water.
- Hand wash in cold or lukewarm water, or take the cover to a professional dry cleaner (dry clean P).
- Don't wring and don't tumble dry: lay the cover flat to air dry, without folding it.
- Iron on a low heat, ideally inside out.
- For stains, dab with a damp cloth without rubbing, and don't use bleach.

Always follow these instructions: we cannot accept responsibility for problems caused by washing methods or products other than those indicated.

Your sofa will thank you.
