WHAT TO DO

- Vacuum regularly with a soft brush to keep the weave clean and full.
- A little surface pilling over time is normal in textured fabrics and doesn't reduce their quality.
- If there's a stain, blot straight away with a dry cloth, then with a cloth dampened with lukewarm water.
- If needed, wash the cover at 30° on a gentle cycle; no tumble dryer, iron on a low heat.

Always follow these instructions: we cannot accept responsibility for problems caused by washing methods or products other than those indicated.
