WHAT TO DO

- Vacuum regularly with a soft brush to keep the weave clean.
- If there's a stain, blot straight away with a clean, dry cloth, without rubbing.
- For more stubborn stains use a cloth dampened with lukewarm water.
- If needed, wash the cover at 30° on a gentle cycle without spinning, or dry clean (P). Minimal shrinkage: about 1%.

Always follow these instructions: we cannot accept responsibility for problems caused by washing methods or products other than those indicated.
